Founder of C. E. Society Dies

Dr. Francis E. Clark Dies at His Home—Society He Founded Now Has Four Million Members—Supported Himself By His Writings.

Newton, Mass., May 26 (AP).—Dr. Francis E. Clark, founder and president of the World Christian Endeavor Society, died at his home here today.

When the Rev. Dr. Francis E. Clark was a young minister in charge of the Williston Congregational Church at Portland, Me., he called a meeting of the young people of his congregation to organize them into a society which would provide "the opportunity for self-expression by means of words and service for Christ and church."

The meeting held February 2, 1881, was attended by 40 young men and women. After they had signed the pledge presented to them, Dr. Clark called the new organization the Christian Endeavor Society, thereby inaugurating what has proved one of the most successful religious movements among young people in church history.

Served Without Salary.

It was an immediate success. The plan and name of the society were accepted by other churches so rapidly that in three years it had spread over the United States and Canada and had reached China. Meanwhile, Dr. Clark had been called to South Boston as pastor of the Phillips Congregational Church, but the demands for his presence at Christian Endeavor conventions and conferences became so numerous that he was obliged to resign his pastorate. From then on he devoted virtually his entire life to the Christian Endeavor Society, serving it without salary.

Dr. Clark supported himself by his writings, always refusing to accept salary for his work or fees for his addresses in behalf of the Christian Endeavor Society. He always was a poor man, but happy in the thought that he had attained his life's purpose. He often said that his great gratification and satisfaction had been that "God has so signally used me to plant the seed that brought such fruitage in the lives of young Christians."

Four Million Members Now.

The founder of Christian Endeavor lived to see it become international, interdenominational and interracial, and grow from the first 40 members to an organization with 80,000 individual societies with a membership of approximately 4,000,000 within 80 denominations. It is estimated that more than 25,000,000 women and men throughout the world have been members of the Christian Endeavor movement since its inception.

The Christian Endeavor Society has been recognized by church leaders as one of the principal agencies for the enlistment of recruits for the ministry, both for pastors and the missionary fields. It has been the forerunner of other young people's movements, including the Epworth League, the Luther League and the Baptist Young People's Union, all formed along lines laid down by Dr. Clark for the first Christian Endeavor Society.

Dr. Clark was a consistent supporter of the prohibition cause and inspired the Christian Endeavor movement throughout the world to fight liquor traffic. Although an ardent supporter of America in the World War he always advocated human brotherhood and understanding as a means that would abolish the necessity of war. He had traveled in every land where Christian churches and missions are organized in behalf of Christian Endeavor.

Honored by Japanese Emperor.

After the World War he made two trips to Europe, visiting nearly all of the belligerent countries. His purpose being not only to promote the interests of the World's Christian Endeavor Union, of which he was president, but to cement, as far as possible, international fellowship and good will. In 1910, on his second visit to Japan, he was granted an audience by the emperor, an honor never before extended to a representative from abroad of a distinctly Christian organization. He was author of a large number of books and articles dealing with Christian Endeavor activities.

His Career.

Born at Aymer, Quebec, September 12, 1831, Dr. Clark was the son of New England parents. His father, Charles Cary Symmes, a civil engineer and timber locator who had come to Canada to seek his fortune, died when the son was three years old. Five years later his mother, who was Lydia Fletcher Clark of Tewbury, Mass., died, and the boy was adopted by her brother, Rev. Edward Warren Clark, by whose name he was afterward known.

Dr. Clark was graduated from Dartmouth College in 1853 and from Andover Theological Seminary three years later. When he assumed his first pastorate at the Williston Church it had only 50 members, but the church became known throughout the world later as the birthplace of the Christian Endeavor Society.

In 1874, Dr. Clark married Harriet Elizabeth Abbott, daughter of a merchant of Hampton Falls, N. H. They had five children.

Years of F. E. Clark.

Members of the Pioneer Veterans of F. E. Clark will meet at the armory tonight at 7 o'clock to be conveyed to Golden Rule Inn where the annual reunion will be held. Officers will be elected and a banquet served.

Decide If City Wants Convention

Meeting for Purpose of Deciding Whether Kingston Wants Firemen's Convention Next Year to Be Held June 1.

A communication has been sent to local organizations by Chief Murphy, William H. Keltz, director of the Hudson Valley Volunteer Firemen's Association, and William B. Martin, vice-president of the association, calling a meeting at Central Fire station, Wednesday evening, June 1, at 8 o'clock at which time committees from the various organizations will discuss and decide whether or not Kingston should request the annual convention of the Hudson Valley Volunteer Firemen's Association here next June.

It has been eight years since the convention has been held in this city. The purpose of the meeting will be to see if the local business men desire to have the convention here next year. Kingston's turn for the convention a couple of years ago was allowed to pass as at that time there apparently were not sufficient facilities for housing the delegates. Since that time the Governor Clinton Hotel has been completed and although in the past four or five years the attendance at the annual conventions has increased largely, Kingston believes it could take care of the convention.

The mayor, members of the common council, chief of police, Chamber of Commerce, Uptown and Downtown Business Men's Associations, Kiwanis and Rotary Clubs, fire commissions, Exempt Firemen's Association and the ten local volunteer fire companies have been invited to send representatives to the meeting on June 1. These delegates should have power to represent their body as final action must be taken at the meeting so that a committee from the organizations, headed by Mayor Dempsey, may present the request of Kingston at the annual convention in Poughkeepsie on June 22.

Steamer Grouches At Linlithgow

Hudson, N. Y., May 26 (AP).—The Hudson river steamer Fort Orange, bound from Albany to New York, grounded on a sand bar near Linlithgow, 10 miles south of here, at midnight, and remained there until this forenoon, when she floated free.

The passengers were landed at Linlithgow and brought to this city, where they entrained for New York. No one was injured.

The steamer sustained some damage to one of her paddle wheels, and dry docking will be necessary to make the repairs.

The Hudson Navigation Company officials called up the Cornell Steamboat Company office here asking for assistance and the tug Rob was rushed to aid the Fort Orange. When the Rob reached the scene it was found that the Fort Orange had freed herself, but owing to the damage to one of the paddle wheels was unable to run under her own power.

The Fort Orange was towed this afternoon to New York for repairs by the tug Hercules of the Cornell Line.

The steamer Berkshire of the Hudson Navigation Company bound from New York to Albany, stopped at Linlithgow and took off some of the passengers. The other passengers were taken aboard the Cornell tugs Harry and Rob.

The Fort Orange is a sidewheeler, and was originally the C. W. Morse, but her name was changed to the Fort Orange several years ago.

Remove Crew and Passengers

Message From Destroyer Indicates It Might Be Necessary to Remove All on Board Steamer Malolo, Rammaged by Freighter.

New London, Conn., May 26 (AP).—A radio message from the coast guard destroyer Shaw, standing by the steamer Malolo, rammed last night by a freighter, to the destroyer Cassin, intercepted at coast guard headquarters here today, indicated that it might be necessary to remove the passengers and crew of the liner.

The message read as follows: "If crew are taken off, Cassin can be of great assistance. Suggest you stand 15 miles west. Most congested around Malolo now."

The latter part of the Shaw's message was taken here to indicate that the wrecking was being done by the Merritt, Chapman & Scott Company, was left here and the tug Resolute, Reliance and J. T. Merritt, out of the New York base of the Scott Corporation, had reached the side of the liner.

KINGSTON PHYSICIANS AT POUGHKEEPSIE MEETING

About sixteen of Kingston's physicians attended the medical meeting held in the Nelson House at Poughkeepsie on Wednesday evening. The Kingston doctors made the trip by automobile, returning to Kingston shortly after 11 o'clock. Physicians from other places in Ulster county were also in attendance as well as physicians from Dutchess, Orange and Putnam counties.

Heroic American Aviator Cheered By Worshippers

Tens of Thousands of Citizens of Paris Shout Bravo as Lindbergh Passes in State Procession—Perfect Spring Time in Paris.

Paris, May 26 (AP).—Captain Charles Lindbergh was paraded before the eyes of the populace today to such cheers as no man has heard in this city since Woodrow Wilson made his triumphal entry into the French Capital in 1919.

It was the first opportunity that the citizens of Paris have had to see the heroic American aviator since his arrival on the Le Bourget Flying Field Saturday night, for all his intervening hours have been devoted to receiving honors from persons in high places.

Tens of Thousands of Frenchmen had their first sight of the young American this afternoon as he was escorted from his country's Embassy to the Hotel de Ville. Under the trees that border the Champs Elysees—one of the world's most magnificent boulevards—the people of France stood in great masses, waving flags and shouting "Bravo!" from the slender and unspoiled youth from America was driven past them in a state procession.

Perfect Spring Time.

The Place De La Concorde was packed with humanity and so was the celebrated Rue De Rivoli looking out upon the green trees of the Tuileries gardens, beautiful under a brilliant May time sun. It was a day such as poets and painters have celebrated for centuries, perfect spring time in Paris.

The flowers were in fresh bloom and the trees were fresh foliage, while the tri-color of France, and the Stars and Stripes of the United States fluttered everywhere. Republican guards, mounted on horses, lined the route, while every few feet or so stood policemen holding back the frenzied hero worshippers. The scene was perfect, but the procession was a disappointment to the crowds.

The hustle and hurry spoiled it somewhat for the patient folk who had waited so long for a sight of the smiling face of the man who left New York one morning and arrived in Paris the next night. The car in which Lindbergh sat, sped through the Champs Elysees at 20 miles an hour or more.

Lindbergh Cares Little for Money

Paris May 26 (AP).—Wealth means nothing to Captain Charles A. Lindbergh; aviation is his life career, and he intends to continue as just a plain aviator when he returns to the United States.

He has given magnificent proof that he cares little for money by presenting 150,000 francs given to him at the Aero Club of France, through the generosity of Mme. Deutsch De La Meurthe, "for the benefit of the families of French aviators who have laid down their lives for the progress of aviation."

Captain Lindbergh's letter to the President of the Aero Club, making known his wishes, has further endeared him to the hearts of Frenchmen, particularly because of the manner in which he explained that he "could not take these francs to France" because he understood the sorrow of the French for their intrepid aviators, Captains Nungesser and Coli, and because he shared their grief. His act has added to the enthusiastic admiration which has been so abundantly expressed ever since he touched French shores last Saturday night.

Belt Bus Line Route Changed

Starting Sunday the belt bus line will operate over Clinton avenue to North Front street to Green street, to Lucas avenue, instead of down Main street as heretofore. The change in the route is made necessary by street repair work.

Following extract from army regulations 569-25, paragraph 15: On Memorial Day, May 30, at all Army posts, camps, and stations the national flag will be displayed at half-staff from sunrise till midday, and immediately before noon the band or field music will play some appropriate air, and at 12 m. the national salute of 21 guns will be fired at all posts, camps, and stations provided with the necessary material.

At the conclusion of this memorial salute the flag will be hoisted to the top of the staff and will remain there until retreat. When hoisted to the top of the staff the flag will be saluted by playing one or more appropriate patriotic airs. In this way fitting testimonial of respect for the heroic dead and honor to their patriotic devotion will be appropriately rendered.

At the sound of the first gun all citizens and school children are requested to stand at attention until the last gun is fired, a period of less than one minute.

HENRY S. JENNINGS, Commander Traffic Ford.

N. J. NICHOL, Secretary Executive Committee.

Lindbergh Visits Famous Marshals

Foch and Joffre Pay Great Tribute To Youthful Hero—Finds Time To Visit Belgium War Wounded.

Paris, May 26 (AP).—Captain Lindbergh was the honored guest today of two famous marshals of France—Foch and Joffre. He also found time in his busy day's program to make a trip to the Hotel Des Invalides to greet a delegation of Belgian war wounded who have been visiting in Paris.

"Your effort was a great one," Marshal Foch told the flier, "because it shows that a young man can do when he is well prepared for his attempt and has the courage to see it through."

Then the allied generalissimo presented Lindbergh with his picture. "It isn't the picture of a pretty girl," he remarked, "but it is the picture of a friend."

The people of Paris today showed that, despite Lindbergh's numerous appearances of the last four days, the first man to make a non-stop flight from New York to the French Capital is still an object of curiosity to them.

A half hour before he was scheduled to arrive at Marshal Foch's home, a big crowd had gathered there, and Lindbergh received a tumultuous greeting as he drove up. In response to the usual demands, Foch accompanied his guest to the steps of the house where they were photographed together, the marshal holding the aviator's hand.

Lindbergh's visit to Joffre was more or less impromptu. The old hero of the Marne threw his arms around the aviator and gave him the accolade—a kiss on each cheek—about the fiftieth he has received since his arrival.

"I can never forget my wonderful reception in America ten years ago," the marshal said. "I am glad it is you who is now returning it."

Visits to War Wounded.

The visit to the invalids was arranged by Mrs. Archibald Mackay, who has long been interested in relief work in Belgium. Two of the wounded Belgians spoke English. "You're a great boy," said one, and the other chimed in: "You have done the greatest thing of all. You are the greatest flier in the world."

After the morning's round of official visits, Lindbergh had a bit of relaxation, hopping into an automobile with Mr. and Mrs. Farnely Herk for a visit to Versailles.

There he enjoyed his first quiet night's sleep. For the first time since his arrival he was not surrounded by crowds of hero worshippers, and he and his companions had a pleasant visit to the famous chateau.

Lindbergh had hardly returned from Versailles before he was due to go to the Ministry of Foreign Affairs for the luncheon tendered by Foreign Minister Briand.

BOARD OF EDUCATION THANKS LEGION POST

For several years past Kingston Post, No. 150, American Legion, has been cooperating with the attendance officers of the schools of Kingston in providing clothing needed by children who, because of the lack of it, were unable to attend school. In recognition of this service, the following letter from the superintendent of schools has been received:

May 23, 1927.
Mr. Andrew J. Murphy, Commander America Legion, Kingston, N. Y.
Dear Sir:

The board of education wishes me to express to the Legion its sincere thanks and high appreciation of the Legion's generosity in furnishing to the attendance officers of the Kingston schools, clothing for needy children, to the end that these children may be regular in their attendance at school. This spirit of helpfulness is another evidence of the Legion's public spirit and readiness to cooperate in all worthy causes.

PRESIDENT WILL AGAIN INSPECT BLACK HILLS

Washington, May 26 (AP).—Activities looking to the establishment of the Summer White House in the Black Hills of South Dakota are proceeding post haste here, with President Coolidge expected to leave within three weeks for whatever locality he chooses.

Although the President is awaiting another inspection to make sure that the Black Hills site is suitable, White House attaches are presently putting in the investigation with the double purpose of making arrangements at the same time.

Guilty of Vagrancy.

John Ward and Walter Lewis were sent to Ulster county jail at Roseton on Wednesday by Judge Clyde Gardner, who found them guilty of vagrancy and imposed a fine of \$30 on each. In lieu of non-payment to serve one day in jail for each dollar not paid. They were unable to pay.

State on Ascension Day.

Today is Ascension Day. An old saying followed by many is that should it rain on Ascension Day it will rain for forty days and it rained roughly today many hope that after the large number of rain days on far this month, for once at least the prediction will fail this year.

Publish Papers Found in Raid

British Government Publishes Documents Alleged to Have Been Uncovered in Recent Raids on Soviet House.

London, May 26 (AP).—The British government today made good its promise to publish some of the documents alleged to have been uncovered in the recent sensational raid on Soviet House in London, headquarters of the Soviet trade delegation and Arcos, Ltd., the Russian commercial organization.

It issued a white paper containing these documents to illustrate "the hostile activities of the Soviet government and the Third International against Great Britain."

The most interesting part of the contents, from an international if not from a British standpoint, was a list of addresses allegedly found in the possession of Anton Miller, a Soviet cipher clerk, who, Premier Baldwin told the House of Commons in his Tuesday speech, was found hurriedly butting the papers in his office when the raiders appeared.

While the white paper gave this out simply as "a list of addresses found in the possession of Anton Miller," it is assumed to be the same list which Premier Baldwin described as "a list of secret cover addresses or 'illegal' addresses for communication with the Communist parties in the United States, Mexico, South America, Canada, Australia, New Zealand and South Africa."

The edge was rather taken off most of the other documents from the fact that the Premier read them or quoted extensively from them in his speech of Tuesday in which he announced the decision of the government to break diplomatic relations with Soviet Russia and terminate the trade agreement of 1921.

Ford Will Make A New Machine

Detroit, May 26 (AP).—The Ford Motor Company will shortly place in the light car field a new machine to replace its present model T automobile, it is announced.

The announcement, verifying long rumored plans of the company, was made in a statement signed by Henry Ford and issued through a national advertising agency handling the Ford advertising account.

Details of the new machine were not disclosed in the statement, which said a complete description, along with the price, will be made public within a few weeks. The date for the start of production also was withheld.

Parts for the model T car will continue to be produced in view of the fact that there are now 10,000-000 of these machines still in use which will require replacements and service, the statement said.

In regard to specifications for the new machine, Mr. Ford was quoted as saying: "At present I can only say that the new model has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture but it will be more economical to operate."

The machine, according to the statement, was designed personally by Mr. Ford.

De Pinedo's Plane Reported in Tow

Lisbon, May 26 (AP).—A wireless message received from an Italian steamship this afternoon says that the vessel met the Portuguese warship Infante De Sazres, taking Commander Francisco de Pinedo and his damaged plane to Horta on the island of Fayal in the Azores.

The Italian mail steamer Rome, it was learned, is making for the point at which the Infante De Sazres was reported by the Italian steamer Superba to have been sighted. Italian Commander de Pinedo's plane.

UMBRELLA MEN AND TAXI DRIVER ARRESTED

Terry Manning, an itinerant umbrella mender, was picked up intoxicated on Wall street Wednesday night and the morning Judge Van Suren in police court gave Manning a chance to leave town, which he accepted.

Frank L. Carter, a taxi driver, was arrested at Kingston Point Park on Wednesday by John Q. Smith who charged him with violating the taxi ordinance in soliciting fares while standing more than five feet from his cab. Carter was fined \$10.

The Price Was \$19.98.

The accidental omission of a figure in the advertisement of Walt O. Granger, clothing dealer of North Front street, in Wednesday's Freeman, made it appear that he was offering \$25 \$22.50 and \$24 men's suits at \$9.98. The advertisement should have stated that they were being sold at \$19.98.

Worship Service at Methodist Church

Worship service will be held in the Methodist Church on Wednesday evening during the summer. It was announced that a young clerk was being furnished against Bankers along the Poughkeepsie Railroad the engagement ceremony at Poughkeepsie in the presence of Human with 70.000 men.

Changes Made in Telephone Heads

K. S. McHugh of Albany Succeeded by V. E. Cooley as Division Commercial Manager of Upstate Area of New York Telephone Company—Other Changes.

The New York Telephone Company announced today certain organizational changes which have been made necessary by the establishment of Long Island as a separate area of the company. The changes will take effect on June 1.

K. S. McHugh of Albany, general commercial manager of the Upstate Area, has been appointed to a similar position in the Long Island Area. He will have charge of all the company's commercial matters in the new area which embraces all of Long Island, including the large section of New York city which is included in the Boroughs of Brooklyn and Queens.

V. E. Cooley, division commercial manager of the Western Division, with headquarters at Buffalo, will replace Mr. McHugh as general commercial manager of the Upstate Area and will make his headquarters in Albany after June 1. The territory over which he will have jurisdiction includes all that part of New York state in which the New York Telephone Company operates down to the Westchester and Rockland county lines.

Nutting Wigton, division commercial manager, Bronx-Westchester, goes to Buffalo as division commercial manager of the Western Division. He will have charge of commercial matters in Buffalo and contiguous territory.

Mr. Cooley's Career.

With a career in telephone business that dates back to 1911 and includes service in various parts of the country, V. E. Cooley brings to the position of general commercial manager a vast fund of experience and knowledge of telephone affairs. He attended the University of California and his first telephone job was with the Pacific Telephone & Telegraph Company in San Francisco. From 1911 until 1917 he was employed by that company in various capacities leaving to enter the navy in the communications branch. During the war he was on the staff of Admiral Wilson at Brest where he was in charge of shore communications for the United States Naval forces in France.

Returning to the telephone field after the war, Mr. Cooley was made division traffic agent at San Francisco. In 1921 he was transferred to the Southwestern Bell Telephone Company at St. Louis and shortly after that was made traffic superintendent for Texas with headquarters at Dallas. He was appointed division commercial manager of the Western Division, New York, on April 1, 1926, and has remained there until his present assignment.

SPECIAL PRAYERS AT AGUDAS ACHIM

A prayer for the souls of the Jewish men who made the supreme sacrifice for their country during the wars of the republic, and for the souls of all those who died in the wars of the United States will be offered at the Congregation Agudas Achim at the Sabbath Day services on Saturday at 9:30 a. m. A sermon will be delivered in Yiddish. Memorial services will be held Monday at 7:30 a. m. and all who wish to have the names of their dead mentioned are requested to communicate with the rabbi, Dr. S. M. Maehel, 35 West Chestnut street, or call 174-R on Friday.

SCOTT VAN DENMARK HIT OVER LEG WITH A CLUB

At 1:55 o'clock this morning the city ambulance was called to the home of Scott VanDemark who lives on Hurley avenue, near the old powder plant, and he was removed to the Kingston City Hospital for treatment for injuries to his leg. At the hospital it was stated that some one had struck VanDemark on the leg with a club, and an X-ray would be taken to determine the extent of the injury.

Child Welfare Meeting

A public meeting will be held Wednesday, June 1, at 3 p. m., in the North Flatbush school. All mothers and those interested in the welfare of children are requested to attend. Mrs. Cascardi, the school health nurse, will be present and discuss a proposed health program for next year. These meetings are held to promote a better understanding between the school health authorities and the home. It is hoped that a large number will avail themselves of this opportunity to hear Mrs. Cascardi.

Strong Drive Against Bankers

Tekin, May 26 (AP).—Tang Tekin, chief of staff for Marshal Chang Tso-lin, the Manchurian war lord, today announced that a strong drive was being launched against Bankers along the Poughkeepsie Railroad the engagement ceremony at Poughkeepsie in the presence of Human with 70.000 men.

TWO CHILDREN TAKE LONG HIKE

Youngsters Spend Two Days
and Nights on Road
Back to Mother.

Lewiston, Maine.—Posting as mother and son, Aurora Lina Coulombe, fifteen, and her brother, Georges Coulombe, Jr., thirteen, walked from Sagus Center, Mass., where they had been living with their father, to Lewiston to join their mother, who is living at 215½ Lincoln street, and a younger brother, Laurent, at the Healy asylum. It took them two days and nights to make the trip.

The arrival of brother and sister in Lewiston was the successful result of plans evolved since last July. The girl had then been at St. Mary's orphanage in Lewiston while the boy lived with an uncle, Willie Coulombe, on Lincoln street. The father called for both children, they said, saying he wanted to take them on a fishing trip for the week-end and promised to bring them back.

He had the children board an automobile with him and started. The children, however, seeing the lengthening trip, became suspicious and after much questioning finally learned that their father was taking them to live with him in Massachusetts.

Watched Numbers on Posts.

On that trip the children, brother and sister, set themselves to watch the road that they might find their way back in time. By thus watching they noticed that posts from Lewiston to Portland were marked with the number 28 and that from Portland on to Sagus Center, where their father took them, the number appearing on posts along the way was number 1.

Both boy and girl came with just what they were wearing except an extra dress and pair of shoes for the girl.

"We had packed some clothes in a suitcase," said the girl, "but it weighed so much we thought we'd better leave it because we wouldn't be able to run." The dress and shoes were carried in a bundle.

Never were they allowed out of the yard of their Massachusetts home, but together the brother and sister secretly made their plans. One day they were left in the care of a neighbor.

The neighbor was called to Lynn and so they were left alone.

They didn't know how long it would take them, but they were leaving to walk to Lewiston.

Taking a big box of matches with them that they might see the number they remembered would keep them on the right road to Lewiston, they started, brother and sister, now become mother and son who had lost their money, and were therefore walking to Lewiston to join husband and father. The girl looked young to be the mother of this boy, but in this flapper age who can guess a woman's age with certainty?

Got Four Lifts.

They had four lifts along the way, not very long ones any of them, the longest being for one mile—they could tell by watching the speedometer on the car. The children can hardly get over the surprise of the short time it took them to accomplish the trip. They had thought it would take much longer. At first, fearing pursuit, they ran a great deal, but good, dry roads helped them until they came into Maine when in the dark they failed to see water holes and once the girl fell.

Old Reliable

Friends hail Captain Maurice Graham as the world's best pilot, barring no one, not even Lindbergh. In thirteen months on the Los Angeles and Salt Lake airmail run he covered 125,000 miles, never had an accident, never defaulted a trip, and never failed to take off on time.

and has a badly scratched leg to show as evidence. Luckily, the children both seem to be in the best of health. The scratches on the girl's leg are healing and they seem not a bit tired and are all thrilled by their exploit.

The mother, of course, is glad to have her children with her and has been assured by the local police that nothing should force her to give them up. She works in the Continental mill. "She's a good woman," says a neighbor.

Neighbors were busy bringing clothes for the children that they might change from those they have worn since they left Massachusetts. The clothes are not new, and the boy's stockings didn't match, but both brother and sister are happy. They are planning to go to school in Lewiston, the mother will continue working and the girl, who has spent four years at St. Mary's orphanage, is capable and will, after school hours, take care of the house.

Wills Money to Cemetery

New York.—By the will of Simon Oppenheimer, filed here in the surrogate's office, the income of a \$1,000 trust fund is left to the mayor of Burkheim, a town in Hessen, Germany, for the upkeep of a cemetery there.

Engineer Is Tossed

10 Feet by Live Wire

New York.—Fred Collins, forty-two, a steam locomotive engineer for the Long Island railroad, was severely burned when he stepped on an exposed feed wire in the Bushwick cut at Bushwick avenue and Pilling street, Brooklyn. As his shoe came into contact with the wire Collins was hurled ten feet away. Collins had alighted from his cab to look for the source of trouble in his locomotive.

Now one of Buffalo's Healthiest Men

Tom Pace, well known carpenter, could not eat or sleep. Work was dreary grind. Now hard as nails, enjoys long hours and praises Tanlac for new found strength

Tom L. Pace, of 55 Bird Avenue, Buffalo, N. Y., is a reputable journeyman carpenter.

"I was so rundown from indigestion that my system was completely shattered," says Mr. Pace. "An ordinary day's work almost killed me. Sometimes I felt too weak to raise the hammer or pull my saw. Food fermented in my stomach causing bloating, palpitation and acute distress after eating. At night I tossed and rolled in bed."

"Tanlac built me up. I'm physically fit again and happier on a speedy rush up job or when working overtime. I eat what I please now and digest it in comfort. I've put on 15 lbs. and am really amazed at my unusual pep and energy. Tanlac is entitled to full credit for the change."

If overwork or neglect has left its mark on you, get a trial bottle of Tanlac. Profit by Mr. Pace's experience. Tanlac is nature's own tonic and body builder, made from herbs, roots and barks. Your druggist has it; start in on Tanlac today. Over 82 million bottles already sold.

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

THE BIG POLICEMAN

"Here, this way!" shouted Douglas. "No, I'm afraid," said Dorothy. "Come along! you won't get hurt!" urged Douglas. "I don't dare," replied Dorothy. "So many automobiles and horses will run me down." "Oh, come along," insisted Douglas. "One automobile would be enough—that is, if you were going to be run down."

"Come Along," Dorothy took hold of Douglas' hand and they tried to rush across. But an enormous truck was going along and the driver was so high up he had not seen the children when Douglas gave a shout. Several other people screamed: "The child is being run over! Oh, oh!" And they wrung their hands. In a jiffy the truck had stopped. And suddenly everything had stopped! For in a twinkling a shrill whistle had been given and one man's hand held up to stop the long lines of trucks, automobiles, wagons, horses and cars.

No one was screaming now. Every one was safe. But in the heart of Douglas there was a queer thumping, thumping, and Dorothy's knees were shaking.

Now, however, they were by the side of the man who had held up his hand to stop the traffic. He wore a blue suit, with brass buttons, and he was one of the big traffic policemen who spend their days seeing that order is kept on crowded city streets, and that both automobile passengers and people walking across the streets are given fair play.

"The horses and wagons were now coming from the other streets. But all traffic had stopped on the street along which Douglas and Dorothy were going, and the policeman was taking them across."

"Oh," said Dorothy, "to think that with that little whistle and one of your hands you can make all those automobiles and wagons and cars and trucks and people stop!"

"That's what I'm here for," answered the big policeman kindly. "But little chap," he added to Douglas, "don't try again to be in such a hurry crossing a street that you don't wait for your turn."

"You're all given a turn. People and autos alike. And two minutes wait is better than a broken leg, eh?" Once more now the whistle blew, for the people had gone across and now the autos were given their turn.

High Cost of Smashing

Why do boys break windows any way? Because of the fun of it, the smash of breaking glass that follows a good shot or a careless swipe. Why, then, don't boys break windows all the time? Why do they get over it? And the answer to that is right here: Because boys learn that glass costs money, and what money means, and how much work it takes to earn a dollar, and what property rights are, and why civilized people have agreed to respect the other fellow's things. Growups don't go around smashing windows. Neither do boys, after they've developed to a point when they're "learned better." It's merely a matter of how far along they are in their social development.—The American Boy Magazine.

In the Army

Corporal—I hear the drill sergeant called you a blockhead.

Private—No, he didn't make it quite as bad as that.

Corporal—Well, what did he say?

Private—He simply said, "Put on your hat. Here comes a woodpecker."

Fined for Speeding

Mother—Mary, didn't I tell you that if you didn't stop racing around you wouldn't get any candy?

Father (coming in soon after)—Why so quiet, Mary?

Mary—Oh, I've been fined for speeding.

Mrs. Noah Identified

"Oh, yes, can you tell me if Noah had a wife?"

"Certainly, Jean of Arc. Do not ask silly questions!"—The American Boy Magazine.

Warning Frenzied Dog

A very small boy, on the sidewalk, was between screams, earnestly addressing a frenzied dog in the street. "Go 'way dog, I ain't dater 'anythin' to you."

WELL, HEM, NOW THAT YOU'VE GOT YOUR COMPRESSED AIR CAR HOME, WHEN WILL YOU START MAKING THEM? I SUPPOSE WHEN YOU DO, WE'LL HAVE ALL THE NEIGHBORS ON OUR NECKS AGAIN.

WE'VE GOT PLENTY TO DO ALREADY WITHOUT WAKING ABOUT THEM. IN THE FIRST PLACE I'VE GOT TO IRON OUT A FEW WRINKLES IN THE BUS BEFORE IT'S READY TO ENTER THE MARKET.

I THOUGHT IT WAS ALL FINISHED. READY TO WEAR. AS THEY SAY ABOUT STORE CLOTHES, I MIGHT HAVE KNOWN, THOUGH, THAT YOU'D FIND SOME EXCUSE FOR TEARING IT ALL DOWN.

AS IT IS NOW, THOSE PUMPS ON THE SIDE THAT ARE SEARED TO THE REAR WHEELS DON'T GENERATE ENOUGH AIR PRESSURE TO CARRY IT OVER A STEEP HILL. I'VE GOT TO DOPE OUT A SYSTEM FOR SPEEDING THE PUMPS UP FASTER.

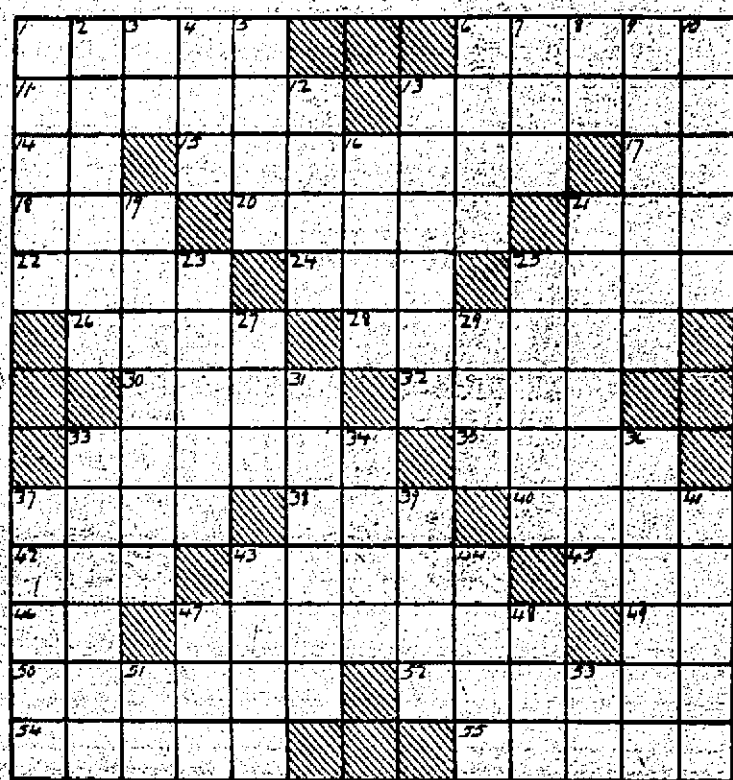

WHY DON'T YOU ASK THE MAN NEXT DOOR? HIS WIFE CLAIMS HE'S A WONDER AT FIXING THINGS. HE FIXED THEIR SWISS CLOCK. IT KEEPS POOR TIME, BUT IT RUNS.

WHAT! TAKE ALL THE NEIGHBORS INTO MY CONFIDENCE? HAVE EVERY ONE IN TOWN KNOW ALL ABOUT OUR SECRET INVENTION BEFORE I GET MY PATENTS?? NO SIR...I WON'T TELL A--

More Glory for Studebaker Commander

Tests show 17 1/4 miles per gallon

Matchless endurance under sustained speed enabled Big Six to establish ten world records. And here is proof of thrifty gas mileage.

First—5000 miles in 4909 minutes—the fastest going for the greatest distance of any enclosed car in the world or any strictly stock car, open or closed.

Next, in 33 nation-wide hill-climbing contests, The Commander demonstrated its thrilling power over some of the steepest hills in the country.

17 1/4 miles per gallon!

And now—in 61 tests held all over the United States,

The Commander delivered an average of 17 1/4 miles per gallon of gasoline! In every instance the carburetor was drained and connected to an accurately measured one-gallon container. Each test was carefully checked by motor club officials or newspaper representatives.

And remember, this average of 17 1/4 miles per gallon was made by a Big Six equalled in rated horsepower by only seven other American cars—and they cost from \$4,000 to \$10,000! No wonder the Studebaker Big Six outsells the combined total of all other cars in

the world of equal or greater rated horsepower.

There is a sound basis for the statement that The Commander is "the greatest post-war achievement in automotive engineering."

The feat of covering 5000 continuous miles in less than 5000 consecutive minutes merely dramatized the thrilling performance, the freedom from repair expense, the peace of mind and economy which all owners of this plus-powered car enjoy.

Drive The Commander yourself!

Get behind the wheel, step on the throttle and step out in front—try it in traffic for flexible handling—or level out the steepest hills. Any pair of travel suits The Commander—it answers instantly to the spur of its accelerator or the curb of its positive-acting 4-wheel brakes.

An exact duplicate of the champion Commander is ready and waiting for you. Come in today!

Harry Hart wired us after setting 10 world records in The Commander:

"Based on my experience driving my personal Studebaker Commander and in making the recent record run at Calver City Speedway with a Studebaker Commander strictly stock model, it is my opinion that it will maintain any given speed up to sixty-five miles per hour longer, more smoothly, and at less expense per hour traveled, for gasoline, oil and repairs, than any other stock automobile now being built in the United States."

Commander Sedan, \$1385; Commander Victoria, \$1575 (broadsheet upholstery, \$1645); Commander Coupe, \$1545 (with rumble seat, \$1645). All prices f.o.b. factory, including front and rear bumpers, mudflaps, all wheels, and four-wheel brakes. Other Studebaker and Eclair models range in price from \$295 to \$2495.

POLA WEDS HER PRINCE

Here's the first picture to show Pola Negri as Princess Midvini. It was taken at her wedding to Prince Serge at Pola's French castle.

(International Newsreel)

Y's Men's Club's First Birthday

On Tuesday evening the Kingston Y's Men's Club held the greatest meeting of its history. This time it was to eulogize the first year of service rendered to the "Y" and the community. There was song—songs of good-bye to the past and of greeting to the future, songs of victory in the "Y" fund campaign and songs of hope and inspiration.

President "Doc" Gifford read the annual report and surprised even the members in renaming the deeds accomplished: The Giegarie Project with its fifteen acres of opportunity, giving to the posterity in Kingston what everyone in the past wanted, a camp site where recreation is recreation and not spoiled with a "W"; the giving to School Number 7, for winning the grade school basketball league; a plaque engraved with the history of the deed, to serve as an inspiration to all future classes in that school; the part taken by the club members in the "Y" membership campaign conducted last fall, and the recent victorious "Y" fund campaign.

Dr. Reed, who is a member of the state social hygiene bureau, contributed his share to this special occasion. He gave those present a new interpretation of "Sex", analyzing it from a scientific viewpoint and defining it "An opportunity for improvement". Throughout his talk he portrayed God's program of sex in all nature.

Members then rose, almost spontaneously, and gave their conception of the club, and the club's work, barring no praise for the loyal and "Y's" counsel given by John C. Porter, Clair Sheaffer, speaking as one newly resident in Kingston, was particularly sincere.

W. C. Hopkins, who so ably conducted the victorious Fund Campaign, then bid the members of the club good-bye, congratulated them on their untiring effort and co-operation during this successful drive. The meeting was concluded with a rousing cheer for "C U Tuesday".

GASOLINE NOW 11c

A welcome announcement is the fact that gasoline may now cost only 11c. It is estimated that this reduction would effect a saving of millions of dollars for the American motorists. This amazing reduction is brought about by a mysterious little device that is easily installed on any car in a few minutes' time. E. O. Miller, 1041-1258 Winuobago street, Milwaukee, Wis., is so proud of this invention that for a limited time he is offering the device free to auto owners who will help introduce it. He also needs men everywhere and offers profits of \$75 to \$100 a week to men who will handle local business. Write him at once for his free sample offer and money-making proposition. —Advertisement.

Bigger Poultry Profits

They depend, first of all, on using the right incubators and brooders—on hatching more eggs and raising more chicks into good layers and the kind of market birds that bring high prices.

That's why most successful poultry raisers, agricultural colleges and county agents will recommend Buckeye Incubators and Brooders if you ask their advice.

Ask us for the new Buckeye Catalog—a most complete and practical book on poultry raising. Tells how to feed, cull, get more eggs in winter and market for higher prices.

PREFERS DEATH TO NAMING PAL IN BANK HOLDUP**Light Sentence Is Promised If He Informs on His Accomplice.**

Cherokee, Okla.—Dave Brown sits in prison with two terrible prerogatives before him. He can die in the electric chair—or he can "snitch" on a partner in a bank holdup by revealing the partner's identity, and live. He has chosen to die, but there is a possibility that his courage will weaken as the time for execution draws nigh.

Last December two men robbed the Farmers' State bank, at Jet, of \$1,000. Brown, the youngest of the two, was captured with a stolen motor car in the Osage hills. Mrs. Clyde Tucker, cashier, who was alone in the bank, said she could not have identified Brown without his help. Brown confessed to Duke Mitchell, prosecuting attorney at Enid, Mitchell, it is said, promised Brown a term in the reformatory at Granite if he would confess. "We promised him the same thing if he would tell us all he knew about the robbery," said H. C. Kirkendall, prosecuting attorney of Alfalfa county, the other day. "We made him no other promises."

Limit If He Didn't Tell.
"We told him," said Sheriff Dare Goss, "that he'd get the limit if he didn't come through. He didn't pay any attention to that. That's the only promise we made."

These promises and alleged promises are important because Brown is using them as a basis for a complaint that officers have not kept faith. Judge Charles Swindall of the Twentieth judicial district of Oklahoma, before whom Brown was tried, said he

Sentenced to Die.

would offer a prison term if Brown would tell the name of his partner. Brown refused. Judge Swindall sentenced him to die. The judge took advantage of a two-year-old statute providing a death sentence for bank robbers who "use firearms." Brown took his sentence stoically.

"That judge gave me that sentence like he enjoyed it," he said later.

Denies He Would Have Shot.
"Death for what I did—good Lord! They say it's because I had a 'rod' in my hand, and might have used it. But I never hurt nobody in my life. I wouldn't have harmed a hair on the head of that woman, who was the only one in the bank when we went in. I used that gun to scare her. If she had started shooting at me I would have just stood there and took it."

"I played square with them. I want to go to my time. I was promised I would be sent to prison if I would confess. I wanted to wipe out all the past and begin over again. A prison term would have settled my roving disposition and would have made a man out of me."

"They have kangarooed me, that is what they did. They haven't kept faith. They would kill me because I would not give my partner away."

"I am in love with life and I don't want to die. I couldn't go on living, thinking I'd been the means of sending a man to prison by 'snitching'."

A sweetheart who turned on Brown might save him from the electric chair. She betrayed him to the law, but Brown will no more reveal her name than he will that of his partner in the Jet robbery.

Nancy Lincoln Shrine Wins Indiana Prize

Indianapolis.—Gov. Edward Jackson has received communications from many sources commending the state government for taking in hand the project of erecting a national shrine at the grave of Nancy Banks Lincoln in Spencer county.

A recent letter from the Alliance of Women's Clubs of Brooklyn, N. Y., expresses gratification at the move. "We commend you because of your interest in the erection of a memorial in Lincoln City to Nancy Banks, mother of our great Abraham Lincoln," the letter says. "He realized how much he owed her and the citizens of the state of Indiana are to be congratulated on perpetuating his own words in the erection of this shrine to her memory."

NEW PALTZ

New Paltz, May 26.—The Mary Beatty Missionary Society will hold a strawberry festival on the evening of June 7 on the lawn of Solomon LeFevre at Forest Glen.

Work on Daniel Lawrence's new service station is progressing rapidly. Nels P. Lundrup has just finished putting on the roof, which is of the concrete tile manufactured by him.

Abram P. LeFevre and son have erected an artistic sign in front of their coal and lumber yard. The credit for designing it belongs to Mrs. Kevan.

Elm Auchmoody, formerly of New Paltz is visiting Bruyn Deyo and other relatives in New Paltz, while recovering from a serious burn on his hand.

Naturally much concern is felt for all-Americans in China and in this vicinity many people are inquiring about Philip LeFevre. Mr. LeFevre's relatives have not heard from him in some time as it is very hard to get letters through. He was in Hankow, which was in the center of disturb-

ances, recently, but it is hoped he has now joined Mrs. LeFevre in Shanghai.

Mr. and Mrs. John Hardekoph of Ridgewood, New Jersey, are spending the week end in town with relatives.

The Girl Scouts' new officers are: President, Mary Lucy; vice president, Florence Seward; secretary, Adele Stokes; treasurer, Ellen Harvey; librarian, Charlotte Tamney; scribe, Betty Young. A "hot dog hike" is being planned to take place soon and a food sale for some future date.

The Rev. John Ferguson, general secretary of the Lord's Day Alliance in New York state, was the special speaker at the morning service in St. Andrew's Episcopal Church on Sunday, May 22. The purpose of the Lord's Day Alliance is to renew the spirit for the observance of Sunday as a day of rest and occasion for worshipping God.

Miss Margaret Wylie, child training specialist from Cornell University, gave an address on the various phases of the growth and training of children Monday afternoon at the Normal School. Parents were especially invited.

Mr. and Mrs. Abel Quick visited friends out-of-town last Sunday.

Peter Adams and family have moved from the Vasquez house to

their own new house on Mill Rock Road.

Miss Helena Gerow, who teaches in Leon, N. J., and Miss Frances Gerow, who teaches in Kerhonkson, visited their parents, Mr. and Mrs. Daniel Gerow, last week end.

Miss Beatrice Thorne spent the week end with Mrs. Elizabeth Van Keuren.

Mrs. Ada C. Storr of Malden, Mass., has returned to her home after making a short visit with her son, S. M. Storr, on South Oakwood Terrace.

The Rev. Alfred Hill came from Staatsburgh to see the "Pirates of

Penance."

Miss Beatrice DuBois of Gardiner was in town on Thursday.

Several New Paltz people visited Poughkeepsie on Saturday.

A regular meeting of Huguenot Grange was held Saturday night, May 21. It was Flora's Night and an appropriate program was prepared. Mr. and Mrs. Kenneth Snyder were host and hostess.

Famous Charter Oak

Honored by Funeral

There is one instance on record in which a tree was given a funeral. It took place on an evening in 1856 in Hartford, Conn. Flags and mourning streamers covered the shattered stump of a tree on the hillside, while hundreds stood around with bared heads.

Amid the crashing thunder of a fierce storm the mighty Charter oak had fallen and the entire state of Connecticut was honoring its passing.

There is little of which this state is prouder than its ancient charter granted by Charles II, endowing the colony with liberties far exceeding those of the others.

It was strange coincidence that this charter, which was hidden in an oak for safety's sake, bore the seal of a monarch who himself, years before, had taken refuge in a tree of the same variety.

Visitors to the State library at Hartford today may see a copy of the original charter, its frame containing fragments of the celebrated oak preserved under glass these many years.

Subtle Rebuke

Cupid has shown himself to be utterly indifferent to matters of state and messages of great moment. In 1777 James Wilkinson, who later became a general in the United States army, was an aide to Gen. Horatio Gates and by him was sent to congress at Yorktown in Pennsylvania with the dispatches giving an account of the surrender of Gen. John Burgoyne and the British army at Saratoga. On the way Wilkinson stopped to spend a whole day with his sweetheart at Reading. When he finally delivered the dispatches and they were read in congress, a measure was introduced to reward the messenger who brought such pleasing news. Gov. Samuel Adams thereupon, with grave and solemn face, moved that the young man be presented with a pair of spurs.—Kansas City Star.

A fine old drink to sip and enjoy in the calm repose of home

HOME . . . an easy chair . . . a shaded nook apart from the blazing sun . . . a sparkling, bubbling bottle of "Canada Dry." . . . Summer days are never sultry days when you can sit back and enjoy the cool refreshment of this fine old ginger ale.

You will find it quite different from every other ginger ale because it is made in an entirely different way.

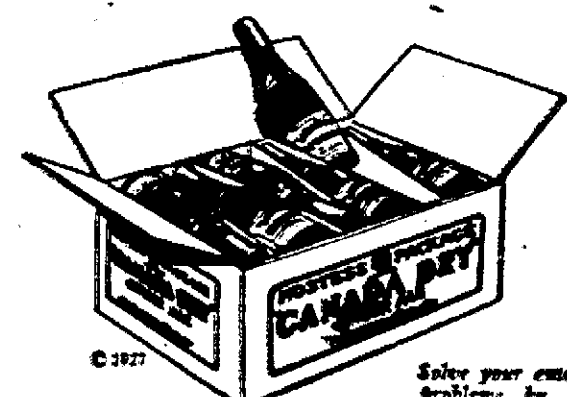

Instead of being made with capsicum (red pepper), it is made of the highest grade Jamaica ginger. Instead of being syrupy sweet or bitter and tart like so many ordinary ginger ales, it is as smooth and mellow as a fine old wine.

Day in and day out, the whole summer through, you will drink it because you will find it more cooling and refreshing than any other beverage. You know it is good for you when you remember that it is served in the great hospitals in Canada and in this country because of its purity and quality.

Buy It for Decoration Day

Serve this Champagne of Ginger Ales with your luncheon or dinner, and when good friends call to spend the week-end with you. You'll never forget the witchery of its wonderful flavor.

Flashes of Life
Sketched in Brief

(By The Associated Press.)
New York—Lindbergh and Tilden are regarded as "sobriety sermons" by Arthur J. Davis, superintendent of the State Anti-Saloon League. He writes that the perfect machine of Lindbergh's brain "has never been slowed down or marred by the poison of alcohol" and Tilden has popularized the Tilden cocktail consisting of a large bottle of mineral water.

Hoy Lake—The Haley comet of golf—Edwin H. Haley of New York, who beat Cyril Tolley—regards himself as lucky. "I had to sink a four-footer to beat Tolley," he explains, "and there were at least five holes dancing before me. I was lucky enough to pick the right one."

Atlantic City—Riches restrict women's mating instinct, in the opinion of Dr. Goldwyn W. Howland of Toronto. He described to the American Neurological Association results of a questionnaire to men and women asking what they would do if they were worth \$200,000. Not one woman mentioned marriage. Dr. Howland concluded they did not react pleasantly to the prospect of men living on their wealth.

New York—Mrs. Ernestine Schumann-Heink, who has earned a fortune with her voice, wishes to keep on singing until she has at least one great-grand child. She said so on leaving to attend the marriage of a grand-daughter in Leipzig.

Rome—Beauty contents are disapproved by the Osservatore Romano, organ of the Vatican. It regards them as enticing many girls who might otherwise lead normal contented lives into a vale of tears from which there is no exit.

New York—The will of John Joseph Sturzelinger, war veteran buried in Arlington cemetery, directs that his body be cremated and the ashes placed in a gold cigarette case, highly prized by him for sentimental reasons, then dropped in the ocean. The contents of the will were unknown to relatives till after the burial. Ashes of a cremated person make about two quarts.

New York—A messenger boy's smoke cost \$13,000. An eighteen-year-old youth, carrying a bag of securities for Newburg and Company, brokers, took it with him to lunch at a self-service restaurant. He met a messenger, friend, and they went out to Battery Park to puff and watch the ships go by. Then they noted the bag was missing. A surety company has paid up.

Hollywood, Cal.—Al Jolson, who testified in recent litigation in New York that he regarded movies of himself as rotten, seems to have changed his mind. He has signed up to star in a screen story of his own life.

"The Marseillaise" has been the French national anthem for over 100 years, since the time of the French revolution. In April 1792, when a column of volunteers was about to leave Strasbourg, the mayor of the city gave a banquet on the occasion and invited an officer of artillery, Rouget de Lisle, to compose a song in their honor. He wrote the words during the night, adapting the music from an oratorio, and the song was sung with enthusiasm the following day. The Army of the North took up the song, which was introduced to Paris by the Marseillaise battalion and became known as the hymn of the Marseillaise.

Desolate by Winds
There lies between Formosa and the coast of China a group of 21 islands, interspersed with innumerable reefs and ledges, which are called the Pescadore Islands. According to the investigations of certain geologists these islands have suffered in a remarkable manner from the northeast winds, which blow with violence there during nine months of the year. The original area of the islands has been greatly reduced by erosion, and their surfaces are barren and desolate, so that the wind-whipped group forms a quasi-desert amid the green island world of Southeastern Asia.

Spring Song.
Say, ma, you know it's gettin' awful hot,
Just playin' one-old cat-I sweat a lot!
A frog was croakin' in the pond
Last night,
The poplar buds is gettin' mighty tight.
The pie plant's up a half a foot, I know.
The purple flags was green a week ago.
There's signs of spring around
Most everywhere—
I wish 'at I could change my un-
a-wears!
Ma, kin it?

They's itchin' me to beat the band;
Say, ma, it's gettin' more'n I kin stand!
The wax-wings was a flyin' north today.
I heard a robin scolding at a jay.
The seedin's sproutin' in the stubble field.
And pa's wonderin' will the clover yield;
It's spring, you see; why, look most anywhere—
I wish 'at I could change my un-
a-wears!
Ma, kin it?

Kindness to Animals
Trait of Portuguese
The Portuguese are the only Latin nation that is kind to animals. For hundreds of years noble Arabian steeds were raised here and the Portuguese rider sits well in the saddle by second nature.

The donkeys here are smaller than in other Latin countries, and the largest beast of burden is the ox. In Portugal this creature is a strong, red, well-cared for animal, with wide-spreading horns. The streets are full of jakes of oxen pulling carts with solid wheels bound fast to their axles. Since the axle is ungreased, a frightful squeaking announces the approach of these wagons, which can be heard a mile away.

Oxen are particularly common in southern Portugal, where the jakes themselves are made of beautifully carved hardwood decorated with many colors. The wheels of these wagons, bearing tremendous burdens, clatter on the streets of Oporto.
I have never seen a driver maltreat his animals. In the country the cow-herds guide their flocks with enormous bamboo sticks—Basta Bosta in Chin, Berlin (Living Age).

Wild Wild-Animal Stories
The story of two Indians who killed a mountain lion with rocks is not quite so good as the story of the African hunter who, unarmed, met a lion. He held the lion's mouth open with it, it turned to death—African Club.
And neither is quite so good as that of Baron Munchausen who, meeting an angry bear, turned his hand down its throat, grabbed it by the tail and jerked it broke out—Copper's Weekly.

Don't scrub to get a whiter wash

Just soak and rinse this safe way

CLOTHES wear longer, keep their colors better, when they are washed this gentle, safe way.

No harsh scrubbing against a board. No rubbing, rubbing, rubbing to wear things thin. No boiling to use up fuel and heat up the kitchen.

Just soak—that's all! Rinso loosens the dirt so it floats off by itself. Clothes rinse whiter, brighter than you could scrub them!

Why don't you try it? See what thick suds Rinso gives, even in hard water. And it's so easy on hands.

For washers, too! The makers of 30 leading machines endorse it.

Happiness lies in the consciousness we have of it, and by no means in the way the future keeps its promises.

It is almost impossible to know what a man will be, difficult to know what he is, but easy to know what he has been.—George Sand.

GOOD PASTRY

Pie is such a favorite dessert that one likes to serve it at its best. A tender flaky crust is not difficult to make. Fat should be added to the flour and well mixed; it is rich enough when a handful taken and squeezed tightly will hold its shape. Roll out and handle as little as possible.

Caramel Pie.—Take one and one-half cups of brown sugar, four tablespoons of cornstarch, salt to taste, the yolks of two eggs, two cups of milk and a tablespoonful of butter. Cook until thick, then beat a few moments, fill a baked shell and cover with a meringue made of the egg whites with sufficient sugar to sweeten.

Cream Prune Pie.—Put one cupful of stewed prunes through a sieve, add one cupful of milk, one teaspoonful of cornstarch, one-third of a cupful of sugar, the yolks of two eggs well beaten; mix all together and pour into a pastry-lined plate. Cover with the beaten whites and lightly stir in.

Sour Cream Pie.—Take one cupful of sugar, one cupful of chopped raisins, one-half cupful of sour cream, one-half cupful of sour milk, one egg well beaten, one-fourth teaspoonful of cinnamon, the same of cloves, one tablespoonful of flour. Cook all together. Cool and bake in two crusts.

Pineapple Pie.—Bake a pastry shell and fill with the following: Scald a can of grated pineapple in a double boiler, mix three tablespoonsful of cornstarch with one cupful of sugar and one-half teaspoonful of salt; add to the hot pineapple mixture and cook until smooth and the starch well-cooked. Cover and cook at least fifteen minutes, add two tablespoonsful of butter, the juice and rind of half a lemon, turn into the pastry shell, and cover with a meringue and brown in a moderate oven.

Save your pound and half-pound baking powder cans for steaming puddings, or for molding frozen dishes.

Portly Woman Must Use Judgment With Clothes

This will be a season of contrast in color, but the larger woman simply mustn't give way to the prevailing tendency to go in for a skirt of one color and a blouse of another. Stripes, indeed, she can wear if she makes the most of their slenderizing effect by running them up and down. Belts, so popular with most of us, will be better for her if they are in the same color as her dress, rather than in a contrasting shade.

The heavily built woman should choose one of the darker and less noticeable shades for her dress, having it fit tightly, but unobtrusively about the hips, and allowing plenty of movement everywhere else—in the blouse and the soft line of the front—over the shoulders—in the skirt with plaits or panels—and this will take pounds from her apparent weight.

Evening Dresses Longer in Back Than in Front

Summer evening dresses being shown in Paris include many with full skirts which are much longer in back than they are in front.

Mostly designed for young dancers, these frocks are made of tulle, chiffon and muslin. One model, much discussed, almost touches the floor in back, while the front lifts to a point just below the knee.

Actress Wears Coat of Snaky Mode—Faille Silk

Nellie Barr, Parisian film actress, wears this coat of heavy faille silk woven in imitation of the pattern of the skin of the true crocodile.

ELEANOR GUNN ON FASHIONS

Dancing Breeches, Lace-Trimmed and Matching the Gown, Are the Modern Version of Pantalets—Did You Know That Men Have Adopted Step-Ins?

New York.—Abbreviated skirts, especially when wide, require careful attention to what is worn underneath. Bloomers have become elaborated upon for evening wear so that they may be permitted to supply a decorative note, if in the motion of the dance they happen to show. A modernized version of pantalets surely!

Of course, the new dance breeches should tone in with, if not actually

match, the dress, and they should be so trimmed as to offset any suggestion of displaying one's lingerie. Lace is the best beloved trimming.

This Is the Way New Yorkers Make FRENCH DRESSING!

Many chefs in leading hotels will tell you that plain French Dressing—easily and quickly made as shown in recipe below—proves to the most discriminating palate that the world affords no finer salad oil than Mazola—make this dressing and convince yourself.

$\frac{1}{2}$ cup Mazola 3 teaspoons vinegar
1 teaspoon Kero, Red Label 5 teaspoons salt
5 teaspoons white pepper

Beat thoroughly and use with any vegetable, meat or fish salad.

and this may be deeply ecru, metal, Alencon, or Venetian.

One of the lingerie developments that seems interesting is the tendency toward boudoir underthings, and toward peach, and a refreshing desire to seek novelty instead of using only flesh color. Orchid, apricot, blue and bright greens are called for at smart shops. Trouseaux vie in color with the rainbow, white being about the only thing omitted.

Venetian lace, Alencon, and, in fact, heavier meshes than Valenciennes are liked best this spring, with a decided tendency toward laces that are dark string or twine color, or even bordering on the café au lait and tea shades.

A great deal of pleating appears on handsomer sets. It seems superfluous to add that one's lingerie should be bought in sets, the habit of the ensemble being strong.

It is amusing to hear that men are turning the tables on women for stealing their athletic underwear and pajamas by adopting "step-ins." They are in brisk demand, according to New York haberdashers.

Suits and Jackets Are Again in Milady's Favor

The one-piece frock and the long coat over it has been such a popular and becoming style for any type of woman that suits and jacket costumes have had little place for several years. Now they have come back in irresistible forms and materials. And the woman who does not succeed in adapting one of these jackets to her needs will be a very unusual woman and must needs be of a figure which needs more dieting and more exercise. The pretty jackets ought to be an inducement.

Whether the use of the jacket in sport or street costume is liked best each woman will have to decide for herself. And if she has any difficulty she will find the models for both so attractive that she will probably end by buying both.

The formal suit in black, navy blue or the light mixtures, broad-bound or not, is only part of the jacket mode. These for street wear are comfortable and modish and strictly tailored. Some women select them with gusto and then suddenly remember that the strictly tailored shirt is the usual accompaniment. Sometimes this weakens them in their decision. Tailored suits are one thing and the mannish tailored shirt and tie are entirely another. They are too stiff and severe for some types of faces and give other types a kind of overstuffed appearance. But provided for this season, as they are, in such variety as they have never been provided before, are delightful jumpers and overblouses to be worn with the suits.

Among the prettiest are the jumpers of the striped silks and wools, some knitted and very light. Several colors or a number of shades in one color are seen on a cream or other ground. Sometimes these stripes form only a border on the lower part of the jumper, and again a band on the long sleeve. Many of them have the whole body striped with the plain sleeves and stripes on the lower part giving the cuff effect. All these jumpers and blouses are the slip-on kind and some of them have no stiff collars but are finished simply, either square or round. Once we would have thought them entirely too informal to be worn with the tailored street suit. The checked taffeta blouses are new for street suits.

A doctor must have patients. But, when their bills fall due and they are slow in paying, He must have patience, too.

First Mother and Daughter Banquet

Given by Grade Girl Reserves at Y. W. C. A. and Attended by 125 Girls, Mothers and Teachers—Interesting Program Rendered.

The Kingston Y. W. C. A. is responsible for the first Mother and Daughter banquet to be held in this city. This gala event occurred Wednesday evening at the Y. W. C. A. and was given by the Grade School Girl Reserves. There were one-hundred and twenty-five girls and mothers and some teachers present, and everybody had a "grand and glorious" time. The girls were all in their uniforms of white middie blouses and blue ties, and the room was prettily decorated, so that the picture presented after the guests were seated following the grand march was an inspiring one. The banquet prepared by Mrs. Cochran was delicious.

Miss Jane Van Etten, who is to be the new secretary, and who is now the chairman of the Girl Reserve work here, presided at the banquet. Of course there was peppy, happy singing, and Virginia Minasian was the enthusiastic song leader. The program was as follows:

A Blessing sung by the T. M. T. M. Club.
Greetings by Mrs. Rice.
Welcome to the Mothers, by Maude Hopper.
Response by a Mother, Mrs. E. F. MacFadden.

A Health Play, "Fun or the Blues, Which?" by the Ever Ready Club.
Girl Reserve Song by the T. M. T. M. Club.

Code Ceremonial by the Pop Club.
Presentation of Rings.
The singing of "Follow the Gleam" and "Taps."

The presentation of rings consisted in the giving of gold rings with a blue enamel triangle to Miss Florence Tappen, Miss Katherine Millard and Miss Lillian Herdman, each of whom have been advisors to the Girl Reserves for the past three years.

It was of interest to the girls present to learn that they, too, could qualify for such rings.

**FIRST DUTCH MEN'S CLUB
TO HOLD LADIES' NIGHT.**

The regular meeting of the Men's Club of the First Dutch Church will be held in the chapel of the church at 8 o'clock Friday evening, May 27. The club will hold Ladies' Night.

The speaker of the evening will be David C. Lithgow of Albany, his subject being "What Do We Know About Ornament?" a subject that no one is more competent to handle. Probably the best known work of Mr. Lithgow to Kingston people is his collection of Indian Figures in the Educational Building in Albany. Mr. Lithgow, wit, poet, artist, writer and sculptor, is active in many things that are useful, uplifting and for the glory of his art and the honor of his home town.

A cordial invitation is given to any member of the church to enjoy this educational talk.

Dances At Eddyville.

On Sunday and Monday nights there will be dances in Eustice's Hall, formerly Baldwin's, at Eddyville. For Sunday the seven Orange Peppers of Syracuse University will furnish the music. On Monday a popular five-piece orchestra will play.

Dismiss Brophy Suit Against City

City's Negligence Not Shown, but Damage Action Goes to Jury on Question Whether Barney Millens Maintained Nuisance.

The action brought by George Brophy, by guardian against Barney Millens and the city of Kingston to recover damages for personal injuries sustained when the plaintiff was injured while sleighriding on East Pierpont street was sent to the jury shortly after noon today. The complaint as against the city of Kingston was dismissed and the case went to the jury only on the question of nuisance on the part of Mr. Millens.

Plaintiff claimed that the city was negligent in allowing Mr. Millens to use a portion of the street for the storage of certain junk rails and other property and that Mr. Millens was guilty of maintaining a nuisance in storing the materials on the public street. At the conclusion of the plaintiff's case Corporation Counsel H. M. Flemming moved to have the complaint dismissed as against the city on the negligence charge and the motion was granted after defendant's case was in. The only question submitted to the jury was the question of nuisance on the part of Millens.

Francis T. Murray and Cleon B. Murray appeared for plaintiff, John W. Eckert for defendant Millens and Corporation Counsel Flemming for the city.

Cases Settled.
A slander action brought by Josephine Sheppard against Joseph Angelo of Atwood was announced as settled. F. C. Merritt appeared for plaintiff and Van Etten and Cook for defendant.

A negligence action brought by Ignatius Baldyga against The Terry Brothers Company was also settled. Van Etten and Cook for plaintiff and Walter N. Gill for defendant.

An action on insurance policy brought by Harold Kidd against Agricultural Insurance Company of Watertown was also settled. Frank W. Brooks for plaintiff and Charles F. McGrath for defendant.

Negligence Suit on Trial.
The next action to be taken up by the court is a negligence action resulting from an automobile accident. John Dargan seeks money damages from Leon F. Dedicoat. Lloyd R. LeFever appears for plaintiff and John W. Eckert for William Lowther for the defendant.

Gas Men Meet At Lake Mohonk

The fourth annual New York Regional Sales Conference of the commercial Section of the American Gas Association is in session May 26, 27 and 28 at Lake Mohonk Mountain House, Mohonk Lake. About 250 delegates from the leading gas companies of the country are in attendance, including many from the Central Hudson Gas & Electric Corporation. Those in attendance from the Kingston office of this company are C. A. Lasher, R. B. Denhardt, Miss Davenport, E. Schutt, Miss Van Denburgh and C. F. Shepard.

The address of welcome was made by T. R. Beal, president of the Central Hudson Gas & Electric Corporation. Other members of the local company who are taking part in the program are E. R. Acker, who talked on "Increasing the Load by Effective Salesmen's Compensation," and H. B. Valentine, who will speak on "Building the Incineration Load." Several other papers are to be given, which deal with various problems of the gas industry, by other leading gas men of the country.

Advisory Council Meets Next Week

Annual Program-Making Day at Kingston of Ulster County Home Bureau—All Committee Women to Be Present.

The advisory council of the Ulster County Home Bureau is to be held in Kingston Wednesday, June 1. It will be held in the basement of the Fair Street Reformed Church beginning with luncheon at 12 o'clock standard time. This is the one meeting of the year when all committee women from every organized community in the county meet together to vote on the program for the coming year. Reports will be given from the various communities by community chairmen and reports of project work throughout the year will be reviewed by leaders in the work. From the beginning of the first

course at luncheon until the first footstep has died away in the hall, there will not be an uninteresting moment. Songs that will make the welkin ring intersperse the more serious parts of the program. Taken all in all, the program this year is believed to be the best the committee women will have enjoyed in years.

Associate State Leader Speaker.
The Home Bureau is fortunate this year in having its associate leader, Mrs. Ruby Green Smith, present to address the meeting. Mrs. Smith has many interesting facts regarding the work in the state that will be of deep interest to the women of Ulster county. Mrs. Smith was associated with the Home Bureau in Ulster county in the early days of the formation of the organization in the county, and has had a deep interest in the work ever since. Again she becomes the leader of the work here and is interested in meeting as many of the committee women in the county as can possibly arrange to attend. The council is open to the entire

membership in the county and the largest attendance in years is expected at this meeting. All attending are requested to send in luncheon reservations to the county Home Bureau office not later than Saturday, May 28.

Willwyck Chapter at Church.
In acceptance of the invitation extended to Willwyck Chapter, D. A. R., to attend service at the First Reformed Dutch Church on Memorial Day Sunday at the morning service, all members of the chapter are requested by the regent to assemble in the vestibule of the church on Sunday morning at 10 15 o'clock that they may enter the church in a body. Following the regular morning service to which the chapter has been invited by the pastor, the Rev. Dr. Lucas Beebe, there will be a special Memorial Day service in the church yard.

Colonials Will Be Kept Very Busy Over Holidays

Philadelphia Colored Giants Will Play Here Sunday—Buck Ewing's All-Stars Will Be the Attraction Monday Afternoon in a Double-Header.

The Philadelphia Colored Giants and Buck Ewing's All-Stars, two teams that have been battling each other for the last week or so in Amsterdam and swapping back and forth with each other what they know about the Colonials, will come to Kingston Sunday and Monday for the local's first big week-end campaign of the year. With the Philly club booked for Sunday afternoon and Chapple Johnson's rebellious catcher bringing his men here for two games Decoration Day, the Culleton-Robins men are due for a busy holiday.

Although the Colored Giant roster does not include any names familiar to local fans to vouch for the strength of the Philadelphia team, the fact that this club has trimmed Buck Ewing's men already this year is proof enough of its skill on the diamond. Manager White's warriors have engaged in a series with Buck's aggregation in and about Amsterdam and the Philly club has been hanging up its share of the spoils. A great deal of the Philadelphia team's power lies in its twirling staff. About five or six wingmen are included in the staff with a whirlwind pitcher by the name of Jackman appearing as the ace of the mound-men. Jackman goes to the mound when the club bucks up against its toughest opposition and no doubt will be seen in action at the Fair Grounds Sunday.

Double-Header Monday

The double-header Monday afternoon promises to be a highly interesting affair. In the past few seasons that Chapple Johnson's All-Stars have appeared at the Fair Grounds, Buck Ewing, Chapple's husky catcher and chief lieutenant, has always been a main attraction. Buck Ewing's expert catching and remarkable hitting has been much of the team's strength for the last two or three seasons. Buck, however, did not appear in Chapple's lineup after the double-header at the Fair Grounds last year on June 27. As the story goes the mighty catcher revolted against his boss and in the end sent Chapple's ball club to smash. At about the first of July Buck caused an insurrection in the All-Star ranks and started trouble for Chapple that continued until the last of the season.

This year Buck branched out on his own horn in the name and style of "Buck Ewing's All-Stars." Furthermore, Buck swiped almost all Chapple's old mainstays, and the portly old ball manager seems to be quite out-of-luck this year. Lou Brown will no doubt book Ewing's club for many games before the season is over. Both contents of the double-header on Monday will be staged in the afternoon.

Tagging Major League Bases

(By the Associated Press.)

Led by their fine young staff of "pitchin' fools" the Chicago Americans today were two long strides closer to the league-leading New York Yanks.

Plenty of daylight still separates them from Ruth, Gehrig and Company, but the second place Sox held the spotlight of both major leagues as they kept up their winning streak with twin victories in a dual bill.

In the double killing the St. Louis Browns on their home field were the victims and Lyons, Blankenship and Connolly were the White Sox pitching heroes.

Starting the first game, Toddy Blankenship got into difficulties in the lucky seventh when both teams scored three runs, whereupon Connolly, for the seventh time this season, went to the rescue and pulled the game out of the fire, aided by a live run rally in the ninth which made the final count 14 to 5.

Led Lyons' pitching in the second game, when he allowed but one hit, was matched by Hallou and Zachary of the Browns, who between them held the Sox to three safeties, but the Browns were weakening in the field under the strain of a duplicate bill and they made errors enough to lose out, 1 to 0.

Adding these two victories to the number already in the bread box, the White Sox tied the Yanks in games won with 22 a piece, a figure which leads both leagues. A greater number of defeats, however, kept the Sox some 72 points astern of the leaders.

Another of the big league crop of youthful hurling aces proved his worth again as Hudlin pitched the Cleveland Indians to a 2 to 6 victory over the Detroit Tigers for his sixth win of the year. The game sent the Indians to sixth place in the league while the Tigers sank to seventh and the Browns dropped from third to fifth through their double defeat by the White Sox. The other teams of the league were idle.

Like their American League counterparts, the St. Louis and Chicago Nationals played a double-header, but unlike them they split it evenly. The Cards taking the first, 3 to 5, on Grover Alexander's start, and the Cubs the second by a 4 to 3 when they slugged Woe Willie Sherwood off the hill in the eighth.

By sharing the bill both teams cut a few precious points off their percentage, while the league leading Pirates were holding their own with a straight record by taking their third straight game from the Reds by 2 to 0 although they could make but one hit off the old side-winder, Carl May.

Ohio Farmer Has Nine Sons and They All Play Baseball

William Kearns, of Crown City, Ohio, has nine ball playing sons. He'd like to match his family against a big league combination, because he's sure the Kearns would win.

CROWN CITY, O., (I-I-N Special).—There are lots of brothers in baseball, in fact the Waners, of Pittsburgh, and the Sewells, of Cleveland, are members of the same team, but when it comes right down to making baseball a family game, the Kearns family, of this section, takes the cake, icing and dish.

For William Kearns is the sire of a complete baseball team. Nine sons he has, and every one of them is a baseball player. Nor are they one-position men. They're versatile enough to form a complete baseball team, and if he ever gets a chance Bill Kearns is going to swing them into action in a body. He's confident that with their ability and family discipline they can play over the heads of any team in the big leagues.

Eight of the boys are playing with teams scattered over the country. The ninth, who, his dad says, is a better player than the rest, is home helping to raise corn and pumpkins.

The senior Kearns must be a believer in the inheritance of good characteristics. For he himself has played baseball for forty years. And he's still playing. Let MacGillicuddy, McGraw, or Gleason laugh that off!

LELAND STANFORD FAVORED TO WIN TRACK HONORS

Philadelphia, May 25 (AP).—Athletes arriving today for the intercollegiate track and field championships tomorrow and Saturday had the opportunity for workouts at Franklin Field only on the turf, for orders were issued for the closing of the cinder path throughout the day. The track will be reopened tomorrow when it is expected most of the entrants will have arrived. Nearly 1,000 athletes, representing 41 institutions, will compete in the two-day struggle for individual and team championship honors.

Leland Stanford, with one of its strongest teams in years, was favored to wrest the team laurels from Southern California. Even Dean Cromwell, the Southern California coach who led the Trojans to victory in 1925 and 1926, conceded the superiority of the Palo Alto squad.

"Can't see anything but Stanford," said Cromwell. "Of course, I think my men have a chance to upset if anything goes wrong with Stanford, but on first glance it looks as though 'Dink' Templeton's men will win in a walk. They should score almost forty points, which would be near a record."

DIAMOND VETERANS TO MEET AGAIN

The Highlanders and the Crackerjacks will clash in the fourth of a five game series on Friday night at Block Park, Abel street. The former aggregation of veteran diamond performers have the edge on the series with two contests in their credit; should they win the next they will be awarded the trophy but a strenuous effort will be made by the Crackerjacks to prolong the number of games. The Highlanders are counting on George Schick, former Wilbur Fend, to puzzle the Jacks with his dazzling slants as he did in the last two games with "Soot" Stolz as his receiver. Bill Joy seems to be the hope of the Crackerjacks as he pulled them out of the "hole" in the battle they won and will probably do the box work Friday with Albright behind the plate. The game is scheduled to start at 8:30 and a record crowd is expected. The early arrivals will see the choice seats for as reserves will be held.

It's really cheaper to smoke cigars. Nobody has the nerve to say "Cigars are expensive."

Local K. of C. to Play Oneonta

On next Monday, Decoration Day, the Oneonta Baseball Club will open their season at Oneonta and at this time they will have as their opponents the fast local Knights of Columbus Baseball Club.

Three years ago Oneonta had one of the best teams in this territory, having such players of Scanlon, Wilcox, Gorman and Rohane. These players still wear the uniform of the up-state club. Wilcox particularly is known to local sport followers, having played right field for the "Colonials" two seasons ago.

The local lads have no fear for the Oneonta team, as last year they handed them an 8 to 0 trimming, only to lose a second contest, 3 to 6.

The Knights' team is composed of the same players that represented them last year, having four pitchers in Jim Volker, Hank Cragan, Phil Peters and Steve Connelly. Dick Hinkley will do the catching. The infield will be composed of Tom McGraw, Steve Diddis, Bob Sicker and Tommy Davitt. The outfield will be made up of Feeney, Stan Colvin and Cahill. Joe Hoffman will not make this trip with the Knights, he being assigned to the Colonials.

Sicker to Captain Club

Bob Sicker, shortstop of the club, and said to be one of the best infielders in these parts, is to lead the Knights on the field this year. Sicker is a good stickler and fast base runner.

The Knights' new uniforms will arrive today.

Several other bookings are in store for the locals as follows: Ravens, June 12; Port Jervis, June 19; Great Barrington, June 26. The Hudson River Hospital of Poughkeepsie, Millbrook, Stottville and Hudson have offered the Knights dates in July. Manager Quinn has several other games under consideration so the Knights will be kept quite busy.

PAN-AMS TO START

BUSY SESSION TONIGHT

The Pan-Am baseball club will clash with the Hutton A. C. tonight on the Saugerties road diamond provided weather conditions are favorable. The game is scheduled to start at 6:15 and the regular lineup of oil representatives augmented by several other players are ready to defend themselves against the Huttons. On Sunday Manager Bill McNally will travel to Tannersville with the Pan-Ams to cope with the organization of that place at 3 p. m. when the first of a four-game series will be played. On Monday the oil men will play Rosendale on the latter's diamond.

COACH O'LEARY TO LEAVE KINGSTON FOR BROOKLYN

John O'Leary, who has been physical director of Kingston High School for the past three years and coach of the basketball, football, track and baseball teams, will leave the local institution at the end of the present semester to accept a position at the Manual Training High School, Brooklyn. Mr. O'Leary's new position will be that of director of physical education of the Brooklyn school and coach of the basketball, football and baseball teams. He will not be required to instruct the track team.

RONDOUT A. C. WILL PLAY BLUE SOX

The Rondout A. C. and the Blue Sox will meet in the second of a series of games at Block Park on Sunday afternoon when Umpire Beck will call the game at 3 o'clock. In the last meeting the Sox defeated the Rondouts on the Abel street diamond, their home play grounds, 4-1. Lewis or Nichols will do the twirling for the Sox with Tomasek behind the bat. Doyle or Peters are the probable candidates for the Rondouts mound with Hinkley on the receiving end.

WHAT HAPPENED IN THE ROPED ARENA LAST NIGHT

(By The Associated Press.) Meadville, Pa.—Cuddy De Marco, Pittsburgh, knocked out Mickey Reagan, Perth Amboy, N. J., 10 rounds. Freddy Borstlein, New Kensington, knocked out Mike Keller, Cleveland, one round.

Denver, Col.—Herman Auerbach, Salt Lake City, beat Russie Leroy, Fargo, 10 rounds.

"I'm quite a neighbor of yours now," said Mr. Bore. "I live just across the river."

"Indeed," replied Miss Snari. "I hope you drop in some day."

Today's Big Offer To Those Who Have Stomach Distress

Read What Dr. Darrick's Drug Store Has to Say About Darrick's Mentha Pyridin.

When you have any trouble with your digestion, such as gas, heartburn and indigestion, why feel with things which at best can give only partial relief.

Why not get a medicine that is made to help strengthen your system, disordered stomach so that it will do its work without artificial help.

Such a medicine is Darrick's Mentha Pyridin, a delicious elixir that is sold by Dr. Darrick's Drug Store and all its branches with the distinct understanding that if it doesn't greatly help you your money will be gladly returned.

Demand. There's no reputable drugist will offer you a substitute.

Then and Now

A lot of hot dogs have gone their way since the first picture above was taken. It shows Babe Ruth at the tender age of sixteen when his baseball affiliations were with St. Mary's School, Baltimore. He gave up training to become a tailor there for a \$25-a-week salary with Jack Dunn's Baltimore Orioles. At the right is a picture of Ruth today.

Sectional Tennis Games Saturday

Saturday the State Sectionals in tennis will be held at the Forsyth Courts starting at 1 p. m.

Newburgh Academy, Beacon, Pleasantville, Spring Valley and Kingston High will be represented in the tournaments.

Jansen Fowler will represent the Maroon and White in the singles. Captain Albert Irwin and Dudley Gruber will play in the doubles. Gruber and Irwin have represented the Kingston team in the doubles in nearly every match this year and have played very well together.

"Judge" Fowler has also done well in the matches this year having lost very few of his matches.

Tennis Monday

On Decoration Day the local tennis team will play the Schenectady High team on the Forsyth Park Courts. The match is scheduled to start at 2:30.

Schenectady High is the only team that has beaten the Maroon and White racket wielders. This happened at the Schenectady courts a few weeks ago. The score was 4 to 2.

Captain Irwin Fowler, Gruber and LeFevre will probably make up the team.

All-Stars Cancel Saturday's Game

Saturday May 28, there will be no game on the Athletic Field. The management of the Kingston All-Stars which had the Montgomery A. C. from Jersey booked for the above date has called the game off. The upstate club which the locals were trying to get can't appear here before the middle of June.

Due to the fact that the local team has two very hard games on with Middletown Grays Sunday and the Beckwiths Decoration Day it was thought best to call the Saturday game off.

Word received from Brown Hunter of the Hospital club says the Grays are just as strong this year as ever, if anything stronger.

Elmer Steele, former big leaguer and now manager of the Beckwiths, has sent Manager McCordie of the local club word that the locals will have to step very lively to get a win.

The local club which is going very strong so far this season with three games out of four to their credit thinks they can capture two more over the holidays. Buses will leave the Central Post Office both Sunday and Monday for any fans who want to go. Tickets can be obtained from any of the players.

Next Saturday either the Middletown Grays or the Ravens-Corpus club will be the attraction at the Athletic Field.

Nanette Guilford, Brilliant Opera Star, emphasizing voice protection,

writes:

"I first became acquainted with Lucky Strikes through my father, who preferred them to all others. Then I noted their popularity among singers—both men and women. I found the reason: Lucky Strikes protect the voice, never irritating the throat, also their flavor is superior."

Nanette Guilford

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

Port Jervis Here Friday

Friday the Kingston High School baseball team will wind up its DUSO League season at the Fair Grounds. The opponents will be the Port Jervis team. The game will start at 2:30. This will be Coach O'Leary's last DUSO League baseball game in Kingston as he is leaving K. H. S. in June for a much better position in New York city.

Port Jervis is tie for second place with Middletown and a win would place the Port nine in a tie with K. H. S.

Burt Davis will undoubtedly go on the mound for the Maroon and White. Harry Edinger will be assigned to the work behind the plate. Tickets are on sale or they can be purchased at the gate at the Fair Grounds Friday. A huge crowd is expected to attend.

WASHINGTON CREW MAY RACE WISCONSIN

Madison, Wis., May 26 (P).—A race between crews representing the universities of Washington and Wisconsin has received the approval of the Badger Athletic Council.

The crews meet, if the proposal is ratified by Washington officials, June 15 on Lake Mendota during a stop-over date for the Western eight enroute to the annual regatta at Poughkeepsie, N. Y. The Badger varsity recently withdrew from the eastern classic, although the freshmen eight will compete.

Word was received from Seattle that the proposals for a Washington-Wisconsin race undoubtedly would be ratified, although no definite action has been taken yet by the Washington board of control. Coach Rusty Callow of Washington was understood to favor the proposed regatta.

Williams With Brown Tire Nine.

Ken Williams will make his debut with the Brown Tire Co. team at Ruby Sunday or Decoration Day morning against the same aggregation. Manager Longdyke has added Williams to the Brown twirling staff and will use him over the holiday week-end. Both games with Ruby will be played in Ruby. Longdyke has also booked a game at Athens for June 12.

Burrus Awarded Medal.

Madison, Wis., May 26 (P).—Jefferson Burrus, Louisville, Ky., captain of the University of Wisconsin varsity crew, has been awarded the western conference medal for excellence in scholarship and athletics. He is a five letter man, a Phi Beta Kappa and a Rhodes Scholar elect.

CLERMONT TO CROSS BATS WITH GLASCO.

The Clermont A. C. of this city will cross bats with the Glasco baseball team on Sunday afternoon at 3 o'clock at the Glasco Athletic Field. The Glasco team will be composed of Joseph Cimarelli, c; Stephen Briody, p; Leo Poid, 1b; Frank Ferraro, 2b; Philip Carraro, 3b; Joseph Messenger, ss; Frank Briody, cf; T. Bracca, rf; Percy Briody, lf; Joseph Marabelli, John Ferraro and Michael Buono in reserve for pitcher and fielders respectively. On Decoration Day the Glasco aggregation will cope with the Robins, composed of Ruby and Sawkill talent.

Trinity Lutheran Church Services.

Ascension Day services will be held tonight at eight o'clock in English at Trinity Lutheran Church, Spring and Hone streets. The pastor, the Rev. William H. Pretzsch, will preach on the Ascension fact and gifts. All members of the church and the societies will avail themselves of the opportunity to attend this important service to commemorate the Ascension of Christ. The public is invited.

Dean of St. Stephen's College.

Haley is Eliminated.

Hoy Lake, England, May 26 (P).—H. D. Gillies of Woking, well known English golfer, this afternoon eliminated Edwin W. Haley of New York, former Williams College star, from the British amateur golf championships at the eighteenth hole.

McMara May Pitch Sunday

Johnny McMara, who appeared in this city for the first time last year against the Chapple Johnson's All-Stars on June 23, due to an introduction he received to the Colonial management by Johnny Peters, will be the candidate most likely to do the twirling on Sunday for the local team against the Philadelphia Colored Giants. McMara is a college moundsman and proved that he had the goods against the Johnson aggregation although the Colonials dropped the contest. Smith will be on hand both Sunday and Monday but will not be sent to the box unless circumstance compel Bud Culloton and Maury McDermott will be the two available candidates for the twirler's berth in the game against Buck Ewing's All-Stars on Monday.

SPECIAL SERVICES AT WEST PARK ORPHANAGE.

RUNKOMALT

That's the kind! Grandmother knows that the name, "Runkel's" on a chocolate product has stood for quality for more than half a century. And children know that "chocolaty taste" which identifies RUNKOMALT.

Only two teaspoonfuls of RUNKOMALT in a glass of ice-cold milk and shake it up! Sounds simple. Costs little. But it makes such a delicious drink for young and old.

Its remarkable health-building and nutritive essentials, its delightful flavor, have made it a favorite drink with all the family.

Elderly persons and invalids say it tones up the system and gives them strength. Excellent for the nerves and conducive to sound sleep. Children love it. Ask at your grocer's or delicatessen for the original and genuine

LIKE SNYDER MURDER CASE?

What police charge is a parallel to the Snyder murder case came to a climax with the arrest of Mrs. Gertrude F. Gibbons and her alleged lover, Antonio Da Silva (both above), after the body of the woman's husband, Theodore R. Gibbons, was found in an old well at Swansea, Mass. Police said that Da Silva was the man who, under the name of Julio, was arrested with Mrs. Gibbons last November on a serious charge. Gibbons sued for alienation of her affections, but collected only \$100 on a \$1,000 verdict.

Snake's Rattles

Some folks insist that you can tell the age of a rattlesnake by the number of its rattles. Nature authorities say this isn't true, because rattles may be added to the tail at uncertain times in the year, and as rattles are brittle and get broken, it is impossible to tell the age, accurately, by counting them.—Exchange.

Venerable Spruce

Preserved in glacial ice for 300,000 years, a spruce tree was exposed again to the open air by the recent recession of the great North American ice cap in Glacier bay, Alaska, and was found by a Canadian government party. It grew for 124 years before the glacier enveloped it.

Sheep Growers' Handicap

In Australia conditions for sheep raising are so ideal that shrinkage is light. The Ohio region in this country produces as good wool as is grown anywhere. The sheep growers in the western range states have hardships to overcome in the way of climatic conditions that handicap them somewhat.

Biblical Appellation
Hexateuch is the name applied to
the first six books of the Bible, that
is to the Pentateuch together with
Book of Joshua; the latter dealing
it does with the conquest of Can-
aan, logically belongs to the same
group as the other five. Pentateuch
from two Greek words meaning five
books. Hexateuch means six and
book.

Financial and Commercial

New York, May 26 (AP)—Renewed activity and strength of the railroad shares, nearly a score of which touched record high prices, overshadowed all other developments in today's stock market. Industrials disclosed widespread irregularity, buoyancy of several specialties being offset by the heaviness of some of the standard steels, motors and textiles.

Banks called about \$15,000,000 in loans, but plenty of funds were available at the renewal rate of 4 1/2 per cent. Secretary Mellon was quoted in private Washington advice as stating that the recent tightening of call money was incidental to month end requirements, and had no effect on the general credit situation, which continues easy. Placing of the Chesapeake and Ohio and Hocking Valley Railroad stocks on a \$10 annual basis took many Wall Street traders by surprise, and stimulated buying of the high grade railroad shares. "Nickel Plate" common soared 2 points and was followed into new high ground by Chesapeake and Ohio. New York Central, Erie first and second preferred, Chicago Great Western preferred, Norfolk and Western, "Katy" preferred, Pere Marquette, Gulf, Mobile and Northern, and a few others.

Excellent April earnings statements by the Pennsylvania and Southern Pacific were offset by the poor showing made by the St. Paul and the Missouri Pacific, the latter showing a deficit of \$155,000 in contrast to net operating income of nearly \$1,400,000 in April of last year. The rise in Norfolk and Western was accompanied by various rumors, including one that the Pennsylvania was planning to offer three shares of Pennsylvania for one of Norfolk and Western, and another that a \$12 guarantee would be offered to Norfolk stockholders.

Inspiration Copper sank to a new low on the passing of the dividend. Motors were inclined to heaviness, with selling presumably inspired by the announcement of a new Ford car. U. S. Steel common also was in supply. Pittsburgh Coal soared over five points on reports of competitive buying. Abitibi-Power was accumulated on the prospect of higher dividends.

Days Becoming Longer

The oft-expressed wish of the busy man that the day were longer is being gratified, for the earth is steadily reducing its rate of rotation. It will be some time, however, before we need change our bulbs on this account, but the lengthening of the day is estimated to amount to one-tenth of a second in a thousand years.

Make the World Brighter

It is a mistake to think that all good-natured men are physically big. Some thin men are as good natured as their brothers better clothed with flesh. It is all in the face. Unless one is overcast, he can spot the easily disgusted one at 50 feet. They are all easy marks but the world is a lot better off because they are in it.

Spectral Ships

The Flying Dutchman, according to the old myth, is a captain named Van Stratten, who endlessly explores the seas in a ship of the stormy waters of South Africa without being able to reach harbor. The idea of a spectral ship is common among seafaring people. Wagner used it for one of his operas, and Coleridge used the idea in his "Ancient Mariner."

May Day Festival At High School

May Day will be celebrated at Kingston High School on Friday.

The program for the May Day Festival has been arranged as follows:

Entrance of May Queen and Followers.

Crowning of May Queen.

Song—By the combined Glee Clubs (Boys and Girls).

Dance—"The Gentle Shepherdess."

Pantomime—"Demeter and Persephone."

The story:

In the flower covered valley of Elina where Demeter, Spring reigns continually, Persephone, daughter of the goddess is wandering with her companions. Demeter, the Earth Mother, may command the elements at her will. Now to the East, West and South she calls the winds to dance for her. The rain drops join the merry-makers only to be followed by the sun who shines upon all. Persephone plays gayly with her companions for a while, but finally wanders off among the flowers.

Pluto, God of the underworld, while riding forth in his chariot, sees her, loves her and carries her off. Persephone calls to her mother for help but of no avail. Naught is seen of her daughter when Demeter returns. She seeks through the valley and finally overcomes with grief, the mother sinks down upon a wayside bench. At length Demeter arises, and after pronouncing a curse upon the innocent land, sets forth on her search. Now there is desolation in the land. All green things wither and die. The North Wind, hitherto forbidden, comes bringing cold and greater desolation. Still there is no sign of Persephone. Weary and discouraged Demeter returns to the Vale of Elina. There Arethusa, a nymph, finds her, and tells of Persephone reigning as queen in Pluto's kingdom. The Goddess implores Jupiter's aid in restoring her daughter.

Spring, acting as Jupiter's messenger, departs for the underworld, and presently returns bringing Persephone with her. Demeter hastens to welcome her daughter. Then in gratitude she crowns Spring Goddess of the new season. Quickly Demeter restores the earth to her favor. Budding leaves peep forth upon the trees, while the flowers come forth in lovely hues to beautify the earth once more.

Pantomime: action: Arrival of Demeter, Persephone and the Greek maidens.

Demeter commands the presence of the winds, sun and rain.

Dance of the East and West Winds.

Dance of the South Wind.

Dance of the Rain Drops.

Dance of the Sun.

Whitney Loved A Good Horse

New York, May 26 (AP)—College rowing and the racing of thoroughbreds have lost one of their most loyal sponsors in the sudden and untimely death of Payne Whitney.

Having a love for the sport of the long oar, Mr. Whitney, who died yesterday, became crew captain at Yale 30 years ago, and later gave unstintingly of his wealth for the support and betterment of rowing.

He was won to the cause of the thoroughbred through his wife, the owner of the Greentree stables. Often when the colts and fillies were running in the popular pink and black of the Greentree, Mr. Whitney could be found in the grandstand. Gradually he became a regular attendant at the races.

While not turning from his interest in other sports, and especially that of rowing at Yale, Mr. Whitney in recent seasons became one of the main pillars of the American turf, although he shunned publicity and for a long time declined the honor of membership in the Jockey Club.

When finally he was persuaded to become a member and accept a stewardship he threw his influence to the side of the poor horse owner and against what he deemed the unfair advantage for the wealthy sportsman.

Ever a lover of a good horse, Mr. Whitney, when he became interested in racing, devoted himself to improvement of the breed by searching the United States and England for outstanding thoroughbreds. One of his importations from England was the great stallion, St. Germaine, a son of Swynford, which raced with distinction on many European tracks.

Fruit Growers Face Bad Pests

Apple Scab and Peach-Leaf Curl Probably Will Be Worse Than Usual—Damp Weather Favors Them.

Ithaca, N. Y., May 26.—Apple scab and peach-leaf curl probably will be more bothersome this year than usual. The damp weather this spring has favored the growth of fungus diseases, and especially apple scab, according to fruit men at the state college of agriculture here.

Apple scab is developing quite noticeably in eastern New York state, and it may be expected that it will be quite common throughout the state this year. This means that growers must be more careful and must spray more thoroughly against this disease during the rest of this season to keep the fruit clean, they say.

Peach-leaf curl is developing in New Jersey and Delaware and in some places in New York state. This is probably because the growers had difficulty in spraying soon enough to control it.
